

AMANDA STONE

Elite Squad & Junior School Director

Amanda Stone is the Academy Awards of Children's entertainment: Choreographer, Director, Dancer and Teacher; she does it all with precision and an unrivalled professionalism.

She was dancing before she could walk and choreographing before she could dance! Amanda trained in all styles of dance and completed Certificate Three in Musical Theatre and Commercial Dance at Bartuccio's and extended her education by getting her Associate Diploma of Arts in Dance Instruction and Management at the Box Hill Institute of TAFE.

Her Curriculum Vitae reads like a Who's Who of children's entertainment. She has choreographed for American powerhouse Walt Disney Studios, Barbie (Mattel), Nickelodeon, Hit Entertainment, Sesame Street Workshop, Astro Boy, Garfield, Care Bears, Madagascar and Garry Ginivan Attractions. These shows have been performed all over Australia and Asia to huge success with Australia's biggest and best musical theatre talent.

As a dancer she has worked right across the globe from commercial events to blockbuster ET News, Kylie Minogue's body double, TV shows, film clips, cheerleading for Melbourne Storm and huge corporate events for all of Australia's best Choreographers.

On top of it all, Amanda danced in every Disney production in Australia and Asia for several years until her talent for choreography was noticed and she became one of their highly respected Choreographers.

Amanda's next step was in the formation of X Systems, the children's entertainment company of today where she currently resides as resident Choreographer and Show Director, with several different shows in production, performing throughout Asia and Australia.

Amanda has also found the time to give something back to the industry as Director of Patrick Studios Australia's Elite Squad and Junior School, training and developing young dancers for a career in the Performing Arts who are no doubt to fill spots in her shows and all others in the Performing Arts future. She is the best choice to nurture and support young artists on their way to a successful performing career, with her extensive career as both a Choreographer and Teacher her talent is unrivalled. She delivers an amazing amount of knowledge onto her students that will no doubt bring them all the same success that she has enjoyed for many years and many more to come.

Watch for her name, look for her shows and look out for her students as they are the next generation of Australia's top performers. She is Generation X at its best - driven, talented, passionate and extremely well respected.
